NEWARK SCHOOL DISTRICT CALLS BOND ELECTION

The Board of Trustees of Newark Elementary School, faced with the problem of having more students than they have classrooms to accommodate, at their meeting Monday evening voted to call a bond election to raise funds for more classrooms.

The board will call an election to be held in the near future, at which time the proposal to issue $134,000 in bonds will be submitted to the voters.

The district, in 1947, voted a bond issue of $151,000, which was supplemented by state funds, for the construction of nine new classrooms and an administration office.

J. I. MacGregor, district superintendent and principal of the school, stated this week that due to increased enrollment at the school all of the new classrooms are now filled and the classrooms in the old building, which has been declared unsafe from an earthquake-proof standpoint, is likewise being utilized to full capacity.

"We know that next year we will have enough students for an additional classroom and an excellent possibility that without any more new families moving into the district we will need a second classroom," MacGregor added.

He stated that the bond issue will make the district eligible to receive state funds, recently voted under Proposition One, and will swell the building fund to the point where the remaining half of the building program can be completed.

Voters will cast their ballots on two propositions, the first on whether or not they desire to bond the district for the new school construction, and the other on their willingness to accept the state funds under the provisions of Proposition One.

"The recent announcement of the opening of a new 80-home tract near the school makes our problem more acute and one that calls for immediate action if all the children of the district are to be properly housed at our school," MacGregor concluded.

A public meeting to explain the problems and proposals will be called in the near future.

CHAMBER PROTESTS TELEPHONE SERVICE

The Irvington Chamber of Commerce renewed its campaign for improved telephone service at its luncheon meeting Tuesday by the appointment of a committee to make a survey of the reported inadequacies and discrepancies of the present system.

President Allan Hirsch named Monford Krueger, Edw. L. Rose and Vernon Leal to a committee to investigate the problems and present their findings to the Chamber. These reports will then be forwarded to the Township Chamber of Commerce for action.

Monford Krueger, Carl Christensen and Bob Zwissig were named to a committee to greet new residents of the community.

The carnival will open at 7 p.m. with dancing following. The coronation of the Round-Up Queen will take place at 11 p.m. during the dance.

EMPLOYMENT OFFICE QUARTERS SOUGHT BY FARM CENTER

The Washington-Eden Farm Center of the Alameda County Farm Bureau is still house-hunting.

The unit is seeking local temporary quarters for an Agriculture Employment Service office.

The Employment Service has informed the local Farm Center that they will operate an office here for approximately five months each year to serve as a clearing house between seasonal farm workers and the farmer-employers. The only difficulty is the fact that the office space must be donated and must be located on or near a main highway.

Roy Clark, chairman of the committee named to try to locate adequate office facilities, reported at the Tuesday evening meeting of the Center that the committee had been unsuccessful in their survey.

Richard Johnson Jr., president of the local Farm Center, said yesterday that the Farm Bureau would furnish a building if a suitable site can be found.

"We must find a location within the next few weeks or the farmers of this area will again find it necessary to drive to Hayward to ask for farm workers," Johnson said.

Marietta Holman and Stanley Coates, field workers for the Agricultural Extension Service, were in charge of the Center meeting Tuesday and gave demonstrations and lectures on preparing and cooking frozen turkey.

A movie, "The Human Bridge," was shown through the courtesy of the Joe Adams Ford Agency of Centerville.

The meeting was closed with the serving of refreshments.

IMMUNIZATION PLAN WINS PTA SUPPORT

The drive to have all children protected against the serious diseases of smallpox and diphtheria gained additional strength last week with the support and endorsement of the Phoebe Hearst Council of the Parent-Teacher Association.

At its regular monthly meeting the Council discussed the program and adopted a resolution "that the Phoebe Hearst Council of the Parent-Teacher Association go on record supporting the immunization program in March, April and May, sponsored by the Alameda County Health Department, San Leandro physicians, and the Southern Alameda County Medical Society."

ENROLLMENT AT EVENING SCHOOL OVER 1,000

The members of the Board of Trustees of Washington Union High School were conducted on a tour of the classes of the Washington Evening School by J. V. Goold, district superintendent, and Warren Gravestock, night school principal, on Monday evening.

The board members were informed by Gravestock that the enrollment at the evening school has now reached the 1,000 mark, with 35 classes in session.

NILES ZONING TO BE RE-OPENED

Zoning meetings will be held in Niles in the near future, according to decision of the Niles Chamber of Commerce at its regular weekly meeting Tuesday at the International Kitchen.

Following discussion which revealed that most members believe Niles needs the protection of zoning in future growth, it was voted that the Chamber endorse the holding of public meetings at which the subject may be discussed.

NEWARK CHAMBER'S REQUEST FOR MAIL DELIVERY DENIED

A letter from the federal post office department in Washington, D. C., was read at the Tuesday evening meeting of the Newark Chamber of Commerce, stating that the Chamber's request for house-to-house mail delivery had been denied.

The letter stated that a survey by postal authorities failed to show that there was sufficient need for such a service in the community.

Endorsement of a proposal to make a survey of the township to determine the need of a recreation district was voted by the members.

A study was authorized of the telephone service throughout the township area to determine any reported inconsistency in telephone rates.

Following the business session at the Newark Youth Center building, President Edward Bimemiller adjourned the meeting to the John Santos Ranch where a short talk was given by Frank Serpa, Niles nurseryman, and refreshments were served.

TOWNSHIP DAIRIES WIN HERD AWARDS

The Zwissig brothers, Carl and Joe, owners and operators of the Zwissig Bros. Dairy at Decoto, have added another trophy to their long list of awards won by their herds since the dairy was opened in 1906 by their father, Louis Zwissig.

The latest trophy was awarded the brothers last week at San Jose by the Santa Clara County Dairy Herd Improvement Association for having the highest testing herd in Alameda County. The gold cup was donated by Anderson Farm & Dairy Spray Service of Los Altos.

According to records kept of all herds, between January 1, 1949, and December 31, 1949, the average 364.50 cows milked at the Decoto dairy during that period produced 424.3 pounds of milkfat per cow.

Other Washington Township dairies which received high ratings were: Louis Marchy, Newark, 223.33 average cows producing an average yearly milkfat of 374.1 pounds; Wipfly Brothers, Irvington, 247.83 cows producing 373.0 pounds; J. S. Costa Dairy, Irvington, 168.08 cows producing 376.2 pounds; M. Schelbert, Irvington, 159.50 cows producing 363.1 pounds, and Bob Zwissig, Newark, 66.58 cows producing 394.0 pounds of milkfat.

LOCAL COMMUNITY CONCERT SERIES IS DISCONTINUED

The membership campaign of the Washington Township Community Concert, scheduled for March 20 to 25, has been cancelled by the unanimous decision of the Board of Directors.

At the meeting of the directors last Thursday evening it was revealed that a preliminary survey showed that not enough members could be secured here to provide a satisfactory concert season for 1950-51.

The directors completed arrangements with the Hayward Community Concert Association to accept applications from anyone in Washington Township who wishes to affiliate with the Hayward group.

The Hayward membership campaign is scheduled to open March 27. Those wishing to secure memberships may do so by contacting: Mrs. Edna Tyson or J. A. McDonald, Niles; Mrs. LeRoy Broun, Centerville; Mrs. Maurice Marks, Irvington and Mission San Jose; Mrs. Bernie Joseph, Decoto, and Miss Nancy McKeown, Alvarado and Newark.

ALVISO SCHOOL CALLS $51.000 BOND ELECTION

A $51,000 bond election has been called by the Board of Trustees of Alviso Elementary School for Friday, April 14.

Board members have reported that the bond issue is needed to finance the construction of an additional classroom and a new auditorium. They expressed hope that if the residents of the district favor the issuing of bonds, the state will provide additional financial assistance to aid in the construction of the new units.

Principal James Nunes said this week that there are now 84 students attending classes in the three-classrom school and that he is reasonably certain that the enrollment will be boosted to 100 next term.

"We are filled to capacity with our present facilities and we do not have any way of taking care of any increase enrollment with our present plant," Nunes said.

He pointed out that the auditorium is needed because the former auditorium has been converted into a cafeteria to serve noon lunches to the students.

The polling place for the election will be at the school and the polls will be open from 7 a.m. until 6 p.m. Election officials will be: Mrs. Eleanor Azevedo, inspector, and Mrs. Florence Cerrutti and Mrs. Letizia M. Silva, judges. Members of the Board of Trustees of the school are Frank Faria Jr., Frank Duarte and Mayme Roderick.

A meeting of all residents of the district has been called for Wednesday, March 29, at the school at 8 p.m., at which time the need for the new units will be explained.

Guest speaker of the evening will be Nelson Vassello, chief deputy superintendent of Alameda County schools.

Date Selected for Register's Township Spelling Contest

Washington Township's fourth annual elementary school Spelling Bee, sponsored by The Township Register, has been set for the evening of April 28.

As in past years, the spelldown will be held in the auditorium of Washington Union High School and will be open to the public, with no admission charge.

Three pupils from the sixth, seventh and eighth grades of each of the nine elementary schools of the township are eligible to compete for The Township Register trophy and cash awards of $15, $5 and $2.50 for first, second and third place winners.

Gus Robertson, principal of the Irvington Elementary School, will serve as general chairman this year, working with the other principals of the township in preparing word lists and governing rules.

J. E. (Jud) Taylor, high school coach and social studies instructor, will again serve as moderator for the third consecutive year, conducting the program and pronouncing the words for each contestant.

As in past years, the words used in the contest will be selected from the state speller, used in all of the schools, and from a list of 100 words which will be published during the next month in The Township Register.

Prior to the final spelldown on April 28, each of the schools will hold an elimination contest to select its three top spellers to compete against the other schools.

Three schools, Newark, Niles and Centerville, will be attempting to win the first place award for the second time.

Joe Toste, Newark eighth grader, was the winner of the first Register spelling bee in 1947.

In 1948 a seventh grade student, Eleanor Olson, won the trophy for the Niles school.

Last year Marlene Roche, representing the Centerville Elementary School, became the third winner.

BURNS FATAL TO IRVINGTON MAN

Burns suffered as he was attempting to light a kerosene stove in his home on Durham Road, Irvington, are believed to have caused the death of Joaquin T. Perry, 71, sometime Wednesday.

Perry's body was found at 3:20 p.m. Wednesday by a neighbor, Jess A. Santana, who stopped by to make a call. He is believed to have died sometime earlier that same day.

He was a native of the Azore Islands but had been a resident of Irvington for the past 47 years and was an active member of I.D.E.S. No. 1 of Mission San Jose.

He is survived by two sons, John J. Perry, Irvington, and Joaquin T. Perry Jr., Pleasanton; three brothers, John M. Perry, San Jose; Manuel P. King, Gustine, and Joseph Joaquin, New Bedford, Mass.

Funeral services will be held Saturday at 8:30 a.m. at the Berge Mortuary, Irvington, followed by a requiem mass at 9 a.m. in St. Joseph's Church, Mission San Jose. Interment will be in St. Joseph's Cemetery. Rosary will be recited at 8:30 o'clock tonight (Friday), in the funeral home.

CANCER CAMPAIGN OPENS APRIL 1; PARRY CHAIRMAN

The appointment of John A. Parry, assistant manager of the Niles Branch of Central Bank, as Washington Township chairman for the April fund campaign of the Alameda County Branch of the American Cancer Society was announced this week by E. V. "Budd" McCoy, general campaign chairman.

Named vice-chairmen of the Washington Township campaign committee were Mrs. James Nunes and Mrs. F. E. Dias.

Community chairmen, appointed by Parry, include: Walter M. Oakey II, Alvarado; Judge Allen G. Norris, Centerville; Carl M. Christensen, Irvington; Bernie R. Joseph, Decoto; Cyrus A. Solon, Mission San Jose; Mrs. W. E. Dutra, Newark, and E. D. Bristow, Niles.

Aiding community chairmen will be members of the Young Ladies Institute, De Guadalupe No. 74.

"In brief, the aim of the American Cancer Society is to control cancer—to erase it as a factor of significance in causing death," Parry said.

"The manner in which the Society's program is being conducted can be divided into three main divisions.

"First, the long range plan for combatting cancer, helping science find the cause through research.

"The second division of the Society's activities concerns itself with today's cancer cases. Hundreds of volunteers in Alameda County aid cancer patients by making surgical dressings, distributing loan and gift equipment, serving in transportaton corpis and in many other helpful ways.

"And, the last division of this three-fold program to control cancer includes educational projects. This is done by disseminating vital cancer information, including the seven danger signals, by urging people to learn these things and act on them, thus contributing tremendously to the saving of human lives."

The young Scouts, with the aid of their leaders and committeemen, took over the weed patch and in the matter of a few evenings had the ground thoroughly spaded, leveled, rolled and seeded. Members of the Chamber donated materials and have fattened the Scout summer camp fund. DECOTO SCHOOL

On Thursday, March 9, the two eighth grade classes saw a movie called "Behind the Wheel." It was on learning to drive. Following the movie, there was an oral discussion. The movie, "We Drive," will be shown later.

A baseball game was played on Tuesday, March 14, with Castro Valley. The score of the game was 5-8 in favor of Decoto. The lineup was as follows: Ernie Delgado, catcher; Clarence Souza, pitcher; Freddie Sanchez, first base; Marsh Lampa, second base; Eddie Fletcher, third base; Charles Rameriz, first shortstop; Martin Lozano, left field; Basilio Mendoza, center field; Johnny Arenaz, right field; and Ralph Martinez, buck short.

When the two eighth grade classes took a hike up in the hills on Tuesday, March 7, they learned a lot about common weeds found in the Decoto area. A man came out from the County Conservation Department and spoke to the two classes about the different plants and how to control weeds.

Folk dancing is now being taught to the eighth grade girls and boys every Tuesday and Thursday at 12:30 by Mrs. Strauel and Mrs. Tyrrel.

The two eighth grade classes and the two seventh grade classes had a St. Patrick's dance on March 17. Seventh graders held their dance in the auditorium while the eighth graders held theirs in the "Little White School House" across the street from the school house. Everyone seemed to have a wonderful time.

FLYING SAUCERS?

Be on the watch for something that flies and will be decorated after the fashion of the Chinese. Some very nice little people who live in Decoto and who go to the third grade will be sending these flying saucers up. These little people claim that they belong to their "Mars" and Pars" right here in Decoto and they don't remember being in any other world.

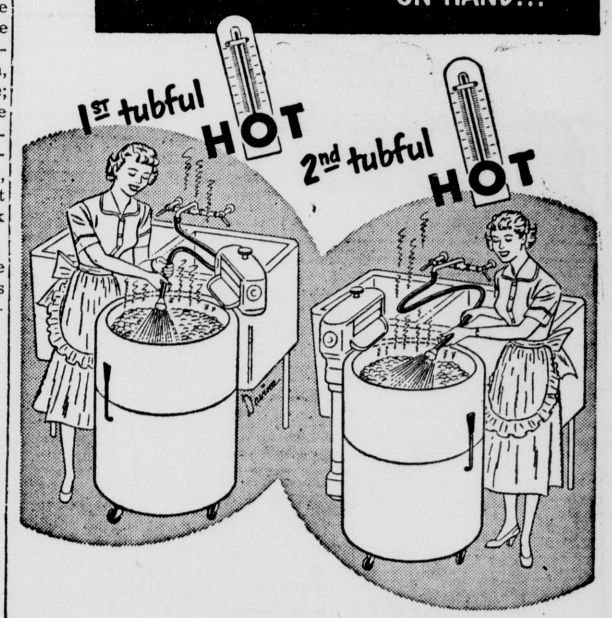
LOTS OF HOT WATER WHEN YOU HAVE "extra gallons" ON HAND...



Can you do "a whopping big washing" in your home without running out of hot water? Or do you have to limit the size of the washing to the size of your water heater?

Those are two good questions to ask yourself when planning a new house or when you are replacing the present, old water heater in your home. Too often, a 20-gallon water heater is put into a home where the hot water needs require a 30- or 40-gallon heater.

Did you know that it takes 20 to 30 gallons for washing clothes and an average of 15 to 20 gallons for a shower? So if you are buying a new water heater make sure you select one that is "sized up" to your family's needs.

1. **PROPER SIZE:** A fully adequate water heater costs so little more now, and will save you from having to make costly replacements later.

HUSKIES DEFEAT LIVE OAK IN FIRST LEAGUE ENCOUNTER

The Washington Huskies, behind the four-hit pitching of "Lefty" Elizarrey, launched their 1950 defense of the S.C.V.A.L. pennant last Friday afternoon by defeating Live Oak 3 to 2.

Three Washington errors allowed the Live Oak Club their two unearned runs in the fourth and sixth innings. Elizarrey struck out eight batters and allowed three walks.

The Huskies were in trouble in the opening inning with the bases loaded and none away. Catcher Pagan picked off Saccullo, who took too big a lead off third, and Elizarrey settled down to fan Mendoza and Richardson.

Coach Hird's lads scored their first run in the second inning when Berrios singled. Garcia, on a hit-and-run, rapped out a single which advanced Berrios to third and he scored on a squeeze play set up by Pagan.

Juhl opened the fourth inning for the locals with a single. Berrios walked and both runners advanced on Garcia's sacrifice. Both runs scored on Pagan's single.

Tuesday afternoon the local lads lost a slugfest to the Bellarmine nine by the score of 8 to 5. The Huskies banged out 10 hits and the Bells rapped Pitchers Castro and Rego for 11.

The club's next league game will be against Santa Clara next Thursday, March 30.

CELEBRATES BIRTHDAY

Mitzi Lewis celebrated her eighth birthday Tuesday afternoon at her home on Oak Street with a party out in their patio. The table was decorated in Easter colors with a yellow, green and white table cloth and centerpiece of lavender stock. Favors were little bunny baskets filled with all day suckers. Fancy little sandwiches were served with pop, and an elaborate birthday cake and ice cream completed the menu for the young crowd. After refreshments were served. the children played games and romped around, having a wonderful time.

Prizes done up in fancy paper and ribbon were given to each child and oh's and ah's came from them as they opened their packages.

Those present at the party were: Joan Ann, Jeanette, Cynthia and Patricia Perry, Jacque and Beckie Coley, Lemoine Knox, Elva Jane Labotto, Marion Rowlette, Linda Taylor, Louise Fleury, Mary Grant, Carol Bauhofer, Sharron Smith and Sheryl Donaldson. READERS WRITE US

The Editor, Sir:

As writer of the History of Washington Township, I recognize the futility of replying to criticisms of the book; and, in view of the overwhelming flood of praise the Research Committee has received, perhaps a few criticisms will help to keep our feet upon the ground.

But I am replying to Mrs. Perry's letter of last week because I do not want the "blame" of my omissions to rest upon the wrong people. Although the Research Committee collected the main mass of material for the book, it was I, as editor, who had the final word of what should be included—perhaps over the protest of a committee member.

I accept, fully, the responsibility of these deletions. In the Preface I pray to readers to be generous with our errors and omissions. It is not to be expected that every reader will be generous.

MONEY FOR A HOSPITAL?

Two years ago the voters of Washington Township decided that they wanted a hospital, and voted to establish the Washington Township Hospital District.

One of the reasons why they chose to establish the hospital district was the understanding that state and federal funds would be available to finance two-thirds of the construction cost of a hospital here.

Twice the directors of the district have asked for these funds. And twice they have been denied by the State Department of Public Health, which allocates both the state and federal money.

When the Congress of the United States adopted the Public Health Serv- Act it specifically provided (Sec. 622, par. d) that in administering the act the state agency in charge should give "SPECIAL CONSIDERATION TO HOSPITALS SERVING RURAL COMMUNITIES AND AREAS WITH RELATIVELY SMALL FINANCIAL RESOURCES."

We believe that the Bureau of Hospital Surveys of the State Department of Public Health has not followed these instructions in administering the act. Our hospital district, in a rural community which is entirely without hospital facilities, has been denied funds, while funds have been granted to hospitals located in metropolitan areas.

The Bureau of Hospital Surveys has been very well advised by our district directors of our need for a hospital here. The bureau itself admits this need. Yet it has given the federal and state money, which was positively ear-marked for "HOSPITALS SERVING RURAL COMMUNITIES" to the larger centers of population.

No doubt the Bureau itself, a group of very competent persons, we understand, think they have been allocating these funds judiciously. But they obviously are inclined to think arithmetically, spending these hospital funds as they have in the larger centers of population.

We ask them to study the Public Health Service Act, under which they function, and which says that it is their duty to give "SPECIAL CONSIDERATION TO HOSPITALS SERVING RURAL COMMUNITIES AND AREAS WITH RELATIVELY SMALL FINANCIAL RESOURCES."

Thinking Things Over . . :

By VIVIAN BATMAN

Here is my diary of the week, as told in quotations from famous authors:

Sunday—I go on a diet.

"If you wish to grow thinner,
diminish your dinner,
And take to light claret instead of pale ale;
Look down with utter contempt upon butter,
And never touch bread till it's toasted—or stale."
—Henry S. Leigh

Monday—I go to a bridge party.

"There is only one thing in the world worse than being talked about, and that is not being talked about."
—Oscar Wilde

Tuesday—I visit an author.

"A writer is rarely so well inspired as when he talks about himself."
—Anatole France

Wednesday—I lose a friend.

"An open foe may prove a curse,
But a pretended friend is worse."
—Gay

Thursday—I hear a talk at the Rotary Club on gardening.

"One is nearer God's heart in a garden
Than anywhere else on earth."
—Dorothy Frances Gurney

Friday—I relax, after the paper is out.

"In the long, fierce struggle for freedom of opinion, the press, like the Church, counted its martyrs by thousands."
—Garfield

Saturday—I will listen to my son practice on the trumpet.

"Sweet melodies
Are those that are by distance made more sweet."

One of the old landmarks in Niles is being dismantled this week—the former Township Register building. Part of it will be moved to a different location to be reconstructed as a one-story building; and the remainder will be torn down.

I can't bear to go by there, as they tear it apart. We were located there for five years. I feel as though we either belong to it, or it belongs to us. Actually, though, it belongs to the Di Guilio Brothers, who probably have no sentimental attachment to it, so they can remove it without any qualms.

One of the reasons we came to Niles in the first place was because the old building fitted exactly our idea of what a country weekly newspaper office should look like. We probably had either seen too many movies, or read too many novels. The fact remains, however, that it was one of the very few country newspaper plants in California that retained the old-time western flavor.

TOWNSHIP CHAMBER WILL MEET MARCH 29

Have you read the Want Ads?

At the LIBRARY

By ELAINE HOWE

Several weeks ago I mentioned a few new books on the perennially fascinating subject — California. Here are some more along the explorer's trail.

The sudden and spectacular growth of California was paced by Wells Fargo, a name synonymous with banking and carrying the mail. Edward Hungerford, a former Wells Fargo executive, has written "Wells Fargo—Advancing the American Frontier." The pony express stage coaches that carried millions in gold bullion with never a loss to a customer, the violence and death in the daring hold-up attempts provide excitement enough for several volumes.

California's chain of 21 missions starting at San Diego and ends at Sonoma—much later to be immortalized by Jack London for its Indian meaning— Valley of the Moon. The valley, home of Mariano Vallejo, site of Fremont and the Bear Flag Insurrection, is replete with events momentous in the growth of young California. Celeste Murphy has made of its history a labor of love in 'The People of the Pueblo."

Jo Mora, a versatile author-artist, whose special interest was the western cowboy, wrote and illustrated as his last book "Californios, the Saga of the Hard Riding Vaqueros, America's First Cowboys." These were the missionary-trained horsemen who tended the immense mission herds, whose daring and skill have captured the imagination of others besides Mr. Mora. However few are equipped to portray their life in words and pictures as vigorously as he can and does.

On a very different note falls Ralph Hancock's "Fabulous Boulevard." The "Fifth Avenue of the West" is Wilshire Boulevard, whose glittering sixteen miles joins Los Angeles with Santa Monica. Here side by side stand some of the world's most beautiful department stores and modern office buildings—right next to the La-Brea tarpits—a visible link with the geologic past. A gossipy, informal book that also takes in a good deal of history of the city of the angels—Los Angeles.

INCOME TAX EXAMINER TO ASSIST TAXPAYERS

Controller Thos. H. Kuchel, chairman of the Franchise Tax Board, announces that a California State Income Tax deputy will be stationed at the Central Bank in Niles on March 29, from 10 a.m. to 3 p.m., to assist taxpayers in preparation of their 1949 state income tax returns.

Every person in either of the following groups must file a return: (1) Single, if having a net income of $2,000 or over; (2) married, if combined net income is $3,500 or over.

These returns must be filed on or before April 15, in order to avoid penalty.

FARM MARKET IS FORUM TOPIC

Matt Triggs, director of the Commodity Service Department, California Farm Bureau Federation, will be the speaker at the Forum meeting at Washington Union High School, Monday, March 27, at 8 p.m.

Next week's Forum will be the third in a series of public meetings held in the auditorium of the high school under the auspices of the Washington Evening School.

Mr. Triggs will speak on the topic, "Outlook for Expanding Markets for Farm Products."

He received his Bachelor of Foreign Service Degree from the Georgetown School of Foreign Service and was employed for 11 years in the Agriculture Adjustment Administration in Washington, D. C. and California.

MR. MATT TRIGGS, Monday evening's Forum speaker.

Warren Gravestock, evening school principal, who scheduled this year's Forum speakers, along with representatives of the Washington-Eden Farm Center, said this week, "Mr. Triggs has a keen insight on marketing problems and is a forceful speaker. He is well known for his studies on national price trends, commodity problems and relationship of prices to Federal administration."

The final in the series of four Forum meetings will be held the evening of April 10 and the guest speaker will be Cruz Venstrom. He will speak on the topic, "The Concern of Farmers in Social Security."

The most appreciated presents in the world . . .

for the most talked-about train in the country!

"Riding through the Feather River Canyon in the Vista-Dome was like riding through Fairyland in a roller coaster."

"The dining car service was excellent and above reproach. I think I had one of the finest steaks that evening I have ever had on a dining car."

"I made the entire trip (both ways) on the coach and appreciated the luxury of the clean dressing rooms, the soft, comfortable, reclining chairs —with those wonderful foot rests—just everything."

"If I could just ride back and forth on the California Zephyr for a month without even getting off, I would be content with the other 11 months of the year."

"The sheer wonder of the Vista-Dome and its spectacular view of snow-capped mountain ranges in the distance; of the mountains and canyons, almost at one's fingertips; of the hills and valleys; the rivers and waterfalls—all this is beyond words. One is almost overcome with reverence and awe."

Alameda County produced five and a half million baby chicks during the past year; 1,750,000 fryers and a quarter of a million broilers. People spent $3,578,000 on Alameda County laid eggs.

Butterfat brought local dairy men the nice sum of $4,397,000. This butterfat came from the county's herd of 11,000 dairy cows.

In Alameda County there are 50,135 acres planted to grain, 11,961 acres planted to vegetables and 8,294 acres in orchard.

Vineyards occupy some 3,000 acres and produce some of the world's finest wine grapes.

ENDORSE PRESENT AGED NEEDY LAWS

Endorsement of the Taxpayers' Association proposal, to retain the present old age benefit laws as they now stand, was voted Wednesday by the Centerville Chamber of Commerce.

The group also voted its disapproval of a request that the by-laws of the Township Chamber of Commerce be amended. A plan has been proposed to alter the section of the by-laws dealing with revisions and amendments, seeking a three-fourths majority of the delegates in place of the now required simple majority. The Centerville delegates were instructed to cast their ballots favoring the retention of the present by-laws.

President Edgar Van Scoy named Allan Walton and James Logan to a committee to determine if there is a need for additional street lights in the community.

MISSION SAN JOSE NEWS

By LOIS BOTTENBERG

Lois Bottenberg

WE'RE VACATIONING

Sure, I'm on a three weeks vacation but you'll see me around the post office just the same morning and nights. Between gardening, the painting on the outside of the house, canning, news writing, etc., I did find time to go see Colleen and Bud Justus, Cynthia and Garry in El Cerrito; also Tom and Ruth Santos and Diane and Michael in Burlingame; so it has been a full time three weeks and I'll be back on the job Monday morning.

MOTHERS CLUB

Things are lining up very nicely at the Mothers' Club "Naughty 90's Revue," which is to be held on April 13 and 14 at the I.D.E.S. Hall in the Mission. There will only be a limited seating capacity and since the tickets are now printed for the two evenings performance, you can get yours from the Mothers' Club members and some others who are selling them.

VISIT PARENTS HERE

Mrs. Joseph Medeiros of San Luis Obispo and Mr. and Mrs. Ray Freitas of Sunnyvale and daughter, Nancy, spent Sunday at the home of Mr. and Mrs. Joe R. Garcia and daughter, Lorraine.

FISHING

Saturday morning bright and early off went Frank Vieth, Ed Chambers and son Ronnie, who is about eight years old, to fish at Frank's Tract in Tracy, and what do you know, the big men got not a nibble but Ronnie brought home the one and only bass caught during the day. Is he a proud boy.

HURT SUNDAY

Viola Johnson, daughter of Mr. and Mrs. Thorval Johnson, was injured quite badly Sunday when she stepped on a loose plank over a pit and sustained a severe laceration of the hip and leg. Later she complained of her stomach and was taken to the hospital for a check for internal injuries but was not too bad so she is recuperating at her parents home here.

MARRIED

Stuart Fletcher brings us this very nice piece of news concerning his sister, Mrs. Edna John, formerly of Seattle and lately making her home here at the Fletchers. On March 16 at Reno she became the bride of Mr. George Von Hagel of Los Gatos. The romance began nearly 18 months ago when she visited her friends, Mr. and Mrs. R. L. Richards of Los Gatos and met Mr. Von Hagel. She is a retired employee of the telephone company in Seattle and he is also retired from the telephone company in Los Gatos.

DANCE IS SUCCESS

The Saturday night dance given by the Firemen's Auxiliary of Mission San Jose was really O.K. and a very peppy affair. Many out-of-towners attended and danced the evening away to the very wonderful and danceable music of Sal Galvan and his orchestra. Many compliments were heard around the town afterwards concerning the boys and their fine music and their very nice vocalist. Refreshments of cake, coffee and soft drinks were available throughout the evening.

VISIT HERE

Mr. and Mrs. Frank Barros of Oakland spent Saturday evening dancing to the music of Sal Galvan and his orchestra at the I.D.E.S.
